REALLY
SUCK

70 Dead in Suicide Bombing

A snappy introduction that sets out the main argument for the piece. I'll cover the main ideas right here and hint at my conclusion without giving the game away completely.

If you can keep your head when all about you are losing theirs and blaming it on you; If you can trust yourself when all men doubt you, but make allowance for their doubting too; if you can wait and not be tired by waiting,or being lied about, don't deal in lies, or being hated, don't give way to hating, and yet don't look too good, nor

The Value of Values

These are the values that guide our business, our product development, and our brand. They're what we look for in every employee. As our company continues to evolve and grow, these five values remain constant.

Open Sans

Steve Matteson

Apache License, version 2.0

Open Sans is a humanist sans serif typeface designed by Steve Matteson, Type Director of Ascender Corp. This version contains the complete 897 character set, which includes the standard ISO Latin 1, Latin CE, Greek and Cyrillic character sets. Open Sans was designed with an upright stress, open forms and a neutral, yet friendly appearance. It was optimized for print, web, and mobile interfaces, and has excellent legibility characteristics in its letterforms.
